

September 9, 2025

Important notice from the Department of Developmental Services about:

REVISED BILLING INSTRUCTIONS FOR TRANSPORTATION BROKER SERVICES D-2025 Rate Reform-009

What to Know

This directive provides updated information related to rate reform for Transportation Broker Services (service code 883).

What's Changing

This directive does not change services for individuals or families. The directive updates rate reform information for Transportation Broker service providers and regional centers.

This directive adjusts the rate to better align with the description, billing components and responsibilities of this service code. These updated rates will be used to pay service providers anything that will be owed from January 1, 2025 through October 31, 2025.

All transportation broker (883) service providers and regional centers will need to begin using the new rates for all billing moving forward by November 1, 2025.

Questions?

Provider questions about this directive should be directed to their vendoring regional center.
